Mentor-Mentee Report - 2021-22

It was an absolute pleasure to hear out the ways and means for successful career advancement at the mentor mentee sessions. The goal of a mentoring relationship is to advance the educational and personal growth of students. Students were benefited from having multiple mentors of diverse talents, ages, and personalities. In science, mentor seeks to help a student optimize an educational experience, to assist the student's socialization into a disciplinary culture, and to aid the student in finding suitable employment.

It was lovely to have those frank conversations and real insights that students had regarding their future. Mentor guidance has created vision in students. From these sessions some interesting findings were – students are interested to pursue higher education in the field of science and technology, in research, they are passionate for competitive examinations.

It was very effective system that was aim to narrow down the gap between the mentee and the mentor and thereby the society in general. The students had come across difficulties during the degree programs and faced academics and adjustment challenges. To cope up with such problems and to enable them to excel in academics and profession as per their potential, a Mentor-Mentee program for the students was really helpful.

We had provided counselling to the students through personal attention and regular dialogues during their stay on campus, on telephone and by conducting extra lectures of the mentee allotted to the teacher concerned as the mentor. We had also supported mentee in the form of precise content on courses, fees, reviews, college admission process and scholarships etc. The scheme had become very successful in bridging the gap between the teacher and the student. It had definitely created an atmosphere of conviction and faith about the alma mater. Consequently, every year the enrolment ratio of girl-students from all sections of society has been rapidly increasing.

H. O. D.

Science Department

PRINCIPAL

INDRAYANI MAHAVIDYALAYA

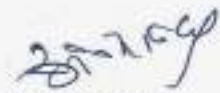

Aims and Objectives:

- To regulate the academic involvement and assess the outcome.
- To inspire and motivate for higher studies and competitive examinations.
- To discuss stress related issues.
- To ensure the quality performance of the students.
- To provide mutual support and congenial learning environment.
- To bridge the gap between the mentor and the mentee.
- Holistic development of the students.

Mentor-Mentee Report - 2021-22

It was an absolute pleasure to hear out the ways and means for successful career advancement at the mentor mentee sessions. The goal of a mentoring relationship is to advance the educational and personal growth of students. Students were benefited from having multiple mentors of diverse talents, ages, and personalities. In science, mentor seeks to help a student optimize an educational experience, to assist the student's socialization into a disciplinary culture, and to aid the student in finding suitable employment.

It was lovely to have those frank conversations and real insights that students had regarding their future. Mentor guidance has created vision in students. From these sessions some interesting findings were – students are interested to pursue higher education in the field of science and technology, in research, they are passionate for competitive examinations.

It was very effective system that was aim to narrow down the gap between the mentee and the mentor and thereby the society in general. The students had come across difficulties during the degree programs and faced academics and adjustment challenges. To cope up with such problems and to enable them to excel in academics and profession as per their potential, a Mentor-Mentee program for the students was really helpful.

We had provided counselling to the students through personal attention and regular dialogues during their stay on campus, on telephone and by conducting extra lectures of the mentee allotted to the teacher concerned as the mentor. We had also supported mentee in the form of precise content on courses, fees, reviews, college admission process and scholarships etc. The scheme had become very successful in bridging the gap between the teacher and the student. It had definitely created an atmosphere of conviction and faith about the alma mater. Consequently, every year the enrolment ratio of girl-students from all sections of society has been rapidly increasing.

Aims and Objectives:

- To regulate the academic involvement and assess the outcome.
- To inspire and motivate for higher studies and competitive examinations.
- To discuss stress related issues.
- To ensure the quality performance of the students.
- To provide mutual support and congenial learning environment.
- To bridge the gap between the mentor and the mentee.
- Holistic development of the students.

Mentor Mentee Report for the Year 2021-2022

A Mentee is someone who has identified a specific personal or professional goal and who believes that the guidance and help of a mentor.

Mentor can help them achieve their goal.

As per every year this year also we planned Mentor Mentee activity in our college for students. Every professor was Mentor of their allotted students. We planned session for students. After their lectures students were allowed to meet their Mentor. Students were asked about their Aims and Goals about Education and Profession. They shared their problems also during the session.

We first asked about their Strength, weaknesses, Opportunities and Treats i.e. SWOT Analysis.

After doing students SWOT Analysis Mentor asked them about their problems and properly guided them with solutions.

M.A. (I & II)

Mentor Mentee Report

(A.Y. - 2021-22)

Department of Economics has followed the suggestion made by the IQAC. The IQAC had taken the initiative to implement this system. IQAC introduced the mentoring system to the all faculty members. These mentoring systems provide a better understanding of individual students and bring out their highest potential. This is a most effective method for understanding of drop out student's cases. Every year collected all students' names and divided in to group. Each group is assigned a mentor who is responsible for collecting academic performance and class attendance of individual students.

I am a Mentor of MA students. There are total 39 student of first and second year. A form was filled by all mentee. In that form asked about their academic Goal setting and action planning was done. Then I reviewed about their Strengths, Weaknesses, Opportunities and Threats. (SWOT analysis). After doing their analysis we take mentoring sessions time to time when they required. I counseled them and gave them suggestions and solutions their problems.

Mentor - Mentee Report

Year - 2021-2022

Class - F.Y.B.Com.

Most of the student have set a goal to become ~~cha~~ C.A, some student set a goal of to become C.S and become I.A.S. officer. Few student set a goal of joining banks after completion of their graduate. Few student have decided to start their own business. It is notable that most of students not decided their goal.

Those students decided to become C.A, C.S I suggested them to take information from commerce faculty and prepare study plan, join ~~some~~ classes. Those student who decided to become I.A.S. officer, I suggested them to join m.p.s.c centre of our college and start study & pre

Mentors And Mentee Programme Report

CLASS - F.Y.B.A - 2021-22

Mentors:- D.R.M.V. Deshmukh, M.V. Khandave
Dr. P.S. Boradhe

We hereby informed that we are appointed as a mentors for the students of F.Y.B.A. Students are satisfied for our guidance as a mentors we personally meet the students one by one and talked all of the boys and girls on some important points as follows

Which types are students' academic goals we asked about this. Students said we will complete M.A, L.L.B, M.B.A, B.Ed, Nursing course, Sports Activity etc. We took reviewed as a mentors of their academic goals and gave very important suggestion to them.

We also achieved the information about their career aspiration. Some students said I will become Advocate. Some said next future we study for competitive exam, Fashion Design, Army officer. Some said our interest in farming, Businessmen etc. We guided as their mentors about their career.

We also observed their strengths and weaknesses. We understood that some of the strengths among the students so we gave some suggestion to students related opportunities for their next future. We see some weaknesses among the students.
